TO File	DATE August 1, 2001
FROM Douglas Sharrott	FILE 2785.100
SUBJECT August 1, 2001 Telecon with Wesley Fedorchak	

Today Mr. Fedorchak called me in regard to executing the Declaration and Assignment in this application. He first mentioned that he believed he was an inventor, and that at Lehman Brothers, Glenn McGarry worked for him. He then told me that he would not sign these documents, as he saw “no upside” for doing that, but “only downside”. He mentioned that he now worked for “E-bond Trade Co.”, and that before talking to me, he had spoken to E-bond’s attorneys about this matter, who advised him not to sign anything.

I told him that since I represented Lehman Brothers in this matter, I might need to contact him again to follow up on this matter. He was fine with this, and he then provided me with his work telephone number ((925) 279-2020) and his e-mail address (wes@ebondtrade.com.) I thanked him for that information, and the telephone call ended.
